CHAIN REQUIREMENTS

"R" ratings on snowy roads indicate chain requirements for various conditions.

Most vehicles come equipped with snow tires. Look for M&S (mud and snow), All-Season, or All-Terrain on side of tire.

R-1 chains required except for vehicles with snow tires (chains required for any vehicle pulling a trailer)

R-2 chains required except for 4-wheel drive with snow tires

R-3 chains required for all vehicles

CHAIN INSTALLATION SERVICES

Chain installers are not state employees. They are licensed workers required to display a permit on their jacket. Fees must be posted and a receipt given for payment. Chain installers are not permitted to sell chains.

CHAINING UP

- Move out of vehicle lanes.
- Park off roadways, freeways, and access ramps.
- Park out of path of snow removal equipment.
- Install chains on vehicle drive tires.

Additional information regarding chain requirements in California may be found on the Internet at: www.dot.ca.gov

rain, fog & snow

BAD WEATHER?

- Slow down
- Allow extra time
- Leave extra distance between you and the car ahead
- Gently apply brakes to avoid skids
- Open window a crack if caught in stalled traffic to avoid carbon monoxide poisoning

BAD WEATHER CHECKLIST:

- Tires with plenty of tread
- Windshield wipers in good condition
- Washer full of fluid
- Gas tank full
- Defroster working
- Muffler and exhaust in good condition
- Antifreeze in radiator

CARRY:

- Tire chains and tighteners
- Flashlight and batteries
- Flares
- Small shovel
- Windshield scraper
- Warm, waterproof clothing
- Blankets, snacks, and drinking water

CALIFORNIA HIGHWAY PATROL

rain,

fog &

snow

rain,

- Drive with headlights on.
- Stay alert for vehicle hydroplaning.
- Apply brakes more slowly; they may pull.
- Leave extra distance between your car and the next motorist.

fog &

- Drive with lights on LOW beam. It is illegal to drive with parking lights on.
- Watch for California Highway Patrol pace vehicles to guide you through fog.
- Avoid crossing traffic lanes.
- Do not stop on highways except in emergencies.
- Move away from stalled or disabled vehicle.
- Consider postponing trip until fog clears.

***Be aware,
smoke and
dust are
as deadly
as fog.***

snow

- Carry chains in snow conditions, even if vehicle has 4-wheel drive. It's the law.
- Observe speed limit in chain control areas –22363CVC states, The speed limit when chains are required is either 25, 30, 35 or 40 miles per hour, based on conditions.
- Check owner's manual for operating tips on your vehicle's braking system.
- Watch for paddle-shaped markers—they show the road's edge.
- Studded pneumatic tires may only be used between November 1st and April 31st, unless the studs are retracted.
- Stay with your vehicle if you break down.
