Activities outside the jurisdiction but within the surrounding area(s) of the applying agency may be considered on a case-by-case basis with Cannabis Grants Unit (CGU) approval.

Grant funds shall be used to implement new activities or augment existing funds, which expand current activities. Grant funds shall not replace (supplant) any federal, state and/or local funds that are appropriated or earmarked for the same purpose and are routine and/or existing state and local expenditures. Supplanting is the deliberate reduction in the amount of federal, state, or local funding appropriated to an existing program or activity because grant funds are awarded for the same purpose. It is the responsibility of the Grant Applicant to ensure supplanting does not occur.

### **Match Requirements**

This Grant Opportunity does not require matching funds.

### **Project Costs**

Estimated Project costs shall support CTFGP grant-funded Project activities that help address impaired driving and are directly related to the scope of work identified in the Grant Application. To be permissible, Project costs must be reasonable, necessary, and expended according to the CTFGP policies, procedures, and regulations.

Projects are required to have a realistic and prudent budget that avoids unnecessary expenditures unrelated to the Project activities. Final determination of eligibility and award shall be made by the CGU and approved within the Grant Agreement.

Please refer to Annex A for ineligible expenses.

### **Project Performance Period**

Education Projects and Project activities shall be outcome-based, clearly defined, and directly support impaired driving efforts in local communities.

If the Project, in its entirety, solely focuses on an innovative, education-based program for local communities, then Law Enforcement Organizations/Agencies should apply for this Education Grant Opportunity.
